ONE HEALTH CHALLENGE PROGRAM

Team Formation —————> Health Challenge —————> Evaluation & Kiva Loan

1 A **Lender** chooses a **Borrower** and makes a loan using a credit card or PayPal.

2 Kiva transfers the loan to a local **Partner** who pre-disbursed/disburses the loan to the **Borrower**.

Kiva repays the loan to **Lender** on a monthly basis. The **Lender** can then choose to withdraw funds or re-start the loan cycle all over again!

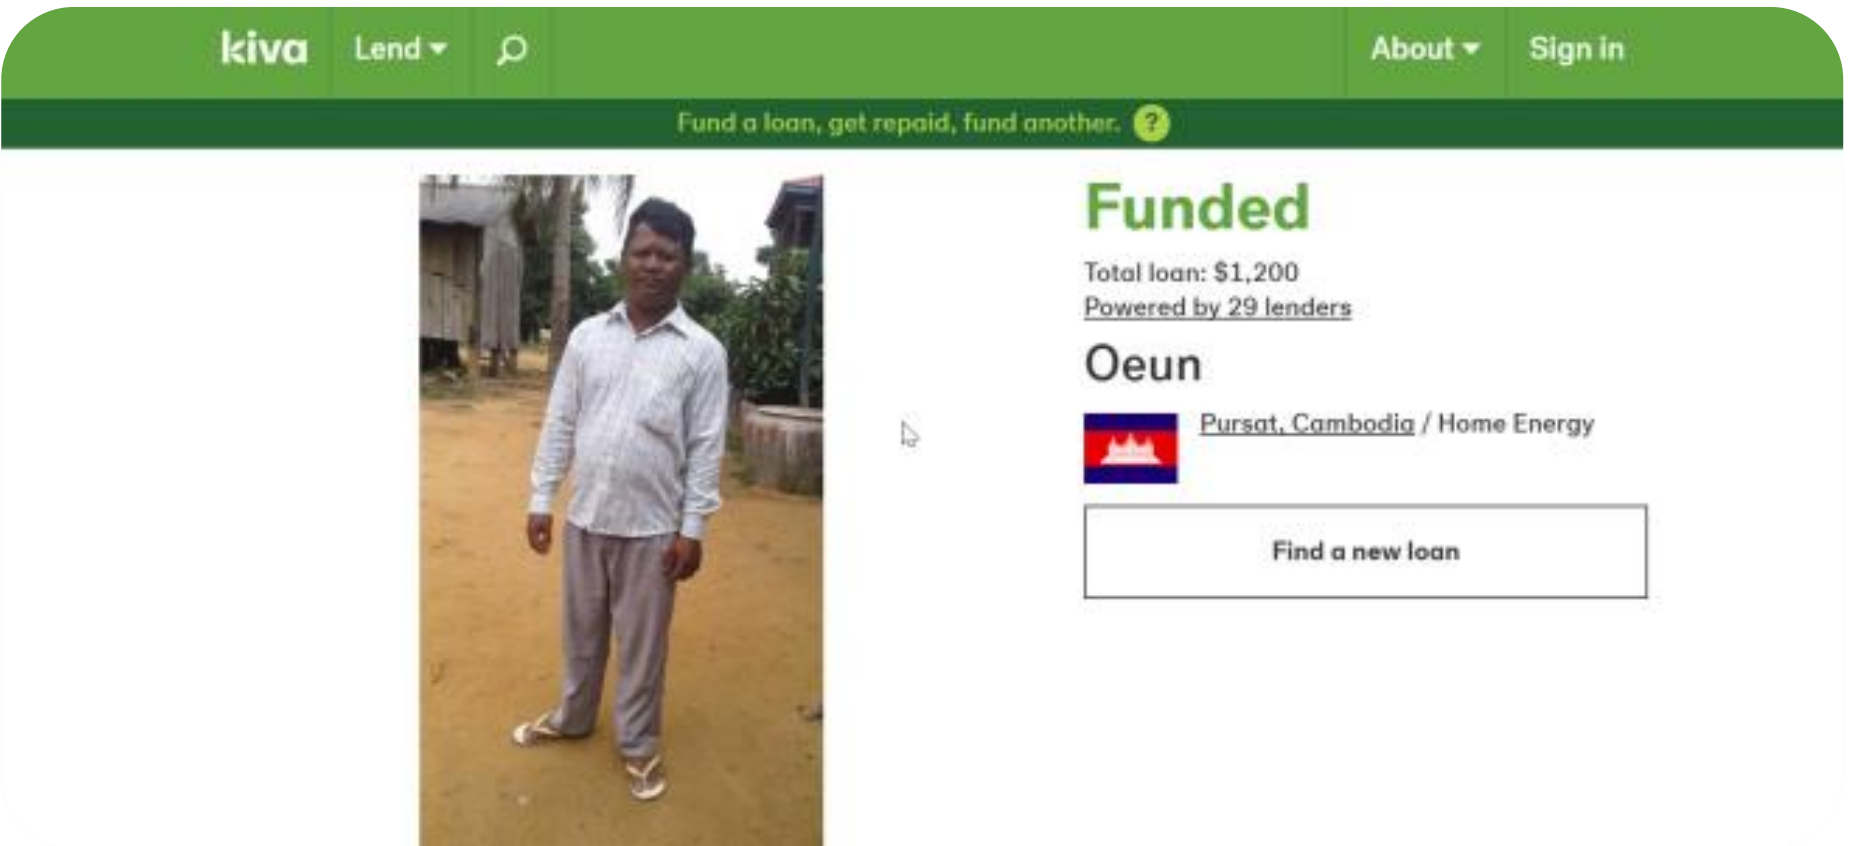

As the **Borrower** repays the loan, the **Partner** transfers funds back to Kiva and posts Business updates to the **Lender** at Kiva.org.

KIVA FUNDING

The screenshot shows the Kiva website interface. At the top is a green navigation bar with the Kiva logo, a 'Lend' dropdown menu, a search icon, an 'About' dropdown menu, and a 'Sign in' link. Below the navigation bar is a green banner with the text 'Fund a loan, get repaid, fund another.' and a question mark icon. The main content area is white and features a large photograph of a man named Oeun standing outdoors in a rural setting. To the right of the photo, the word 'Funded' is displayed in large green text. Below this, it states 'Total loan: \$1,200' and 'Powered by 29 lenders'. The name 'Oeun' is shown in large black text, followed by a small Cambodian flag icon and the text 'Pursat, Cambodia / Home Energy'. At the bottom of this section is a button labeled 'Find a new loan'.

Ceferino

Mariano R. Alonso, Paraguay /

Water Distribution

[Find a new loan](#)

Ceferino in Paraguay – requested a loan to maintain a well. The financing will afford digging a well, building pipelines and installing water meters.

WHY RECOMMEND ONE HEALTH CHALLENGE?

- By practicing the One Health Challenge mindset, students develop a dynamic and diverse perspective towards various global health related issues
- International cooperation builds networks and friendships with students across Canada and United States of America

GOALS FOR THE FUTURE

- Improving access to the project to enhance the variety of students involved
- Expansion of current program following pilot year feedback and observations
- Integration of micro-loan available for 1st place team to finance international projects that represent the One Health mindset in action

THANK YOU VERY MUCH!
